20
22  **Fetal
Heart
Society**®
2nd Scientific Session

Saturday, August 6, 2022

Disneyland Hotel // Anaheim, California

at

NeoHeart 

Saturday, August 6, 2022

(*all times in PT)

0750 – 0800*	Welcome & Introduction Mary Donofrio, MD (Cardiology, Children’s National)	1155 – 1215	Panel Discussion Panelists: Shabnam Peyvandi, MD; Theresa Tacy, MD; and Erica Sood, PhD
		1215 – 1315	Lunch
The End is Just the Beginning Moderator: Anita Moon-Grady, MD		Keynote	
0800 – 0825	Fetal Echo: Utility and Limitations Chris Lindblade, MD (Cardiology, Phoenix Children’s)	1315 – 1330	FHS Year in Review & Introduction of Keynote Mary Donofrio, MD (Cardiology, Children’s National)
0825 – 0850	Ebstein’s Anomaly: Challenging Physiology and Management Lindsay Freud, MD (Cardiology, SickKids Toronto)	1330 – 1415	Fetal Heart Society Keynote: Transitional Cardiac Care from Fetus to Neonate: Bridging the Gap Lisa Hornberger, MD (Cardiology, U of Alberta)
0850 – 0915	Complex CHD with Pulmonary Venous Obstruction Nelangi Pinto, MD (Cardiology, U of Utah)	Fetal Heart Society Abstracts: 2021-2022 Highlights Moderators: Lisa Hornberger, MD & Shaine Morris, MD	
0915 – 0940	Delivery Room Checklist for CHD Mary Donofrio, MD (Cardiology, Children’s National)	1415 – 1515	<ul style="list-style-type: none"> • Fetal cc-TGA – Jennifer Cohen, MD • Fetal Truncus Arteriosus – Sheetal Patel, MD • Fetal Z-Score Project – Anita Moon-Grady, MD
0940 – 1010	Panel Discussion: Providing Neonatal Cardiac Care Across the Spectrum of Healthcare Systems Panelists: Nelangi Pinto, MD; Chris Lindblade, MD; Mary Donofrio, MD; Lindsay Freud, MD; Molly Ball, MD; Shubhika Srivastava, MD	Challenging Cardiac Cases for the Fetal & Neonatal Care Teams Moderator: Bhawna Arya, MD	
1010 – 1025	Break	1515 – 1630	Panelists: Teresa Tacy, MD; Nelangi Pinto, MD; Sheetal Patel, MD; Anita Moon-Grady, MD; Shabnam Peyvandi, MD; and Mary Donofrio, MD <ul style="list-style-type: none"> • Case 1: Arrhythmia – Elizabeth Caris, MD • Case 2: TOF/APV: CHD with pulmonary compromise – Flora Nunez Gallegos, MD • Case 3: Heart Failure – Proscovia Mugaba, MD
All in the Family Moderator: Nelangi Pinto, MD		1630	Adjourn – thank you for attending! See you next time!
1025 – 1050	Changing the Prognosis with a Genetic Diagnosis Shabnam Peyvandi, MD (Cardiology, UCSF)	 <p>Fetal Heart Society 2nd Scientific Session</p>	
1050 – 1115	Novel Approach to Prenatal Cardiac Counseling Theresa Tacy, MD (Cardiology, Lucile Packard Children’s)		
1115 – 1140	Psychological Impact of Fetal Cardiac Diagnosis Erica Sood, PhD (Psychology, Nemours duPont Hosp. for Children)		
1140 – 1155	Parent Experience with Fetal CHD Courtney and Ben Fritz		

FACULTY

Bhawna Arya, MD	Seattle Children's Hospital
Molly Ball, MD	Nationwide Children's Hospital
Elizabeth Caris, MD	Seattle Children's Hospital
Jennifer Cohen, MD	Mount Sinai Hospital
Mary Donofrio, MD	Children's National Hospital
Lindsay Freud, MD	The Hospital for Sick Children (Sickkids)
Flora Nunez Gallegos, MD	Stanford Hospital
Lisa Hornberger, MD	Stollery Children's Hospital
Christopher Lindblade, MD	Phoenix Children's Hospital
Anita Moon-Grady, MD	UCSF Benioff Children's Hospital
Shaine Morris, MD	Texas Children's Hospital
Proscovia Mugaba, MD	University of Alberta
Sheetal Patel, MD	Lurie Children's Hospital
Shabnam Peyvandi, MD	UCSF Benioff Children's Hospital
Nelangi Pinto, MD	University of Utah / Primary Children's Hospital
Erica Sood, PhD	Nemours Children's Health
Shubhika Srivastava, MD	Nemours Children's Health
Theresa Tacy, MD	Lucile Packard Children's Hospital

Come early for NeoHeart

(Wednesday, August 3 - Saturday, August 6, 2022)

Fetal heart sessions at NeoHeart that may interest you:

Thursday, August 4, 2022

PLENARY 2: DIAGNOSIS AND MANAGEMENT OF LEFT HEART OBSTRUCTION BEFORE BIRTH (1300-1500)

- (1300-1315) Prenatal detection of aortic arch obstruction: are we getting better?
- (1315-1330) Prenatal detection of HLHS: integrating new diagnostic paradigms with established knowledge
- (1400-1430) Expert Round Table Discussion

Friday, August 5, 2022

Breakout Session I: FETAL INTERVENTIONS: ALTERING HEMODYNAMICS BEFORE BIRTH (1035-1200)

- (1035-1105) Pro/Con Debate - Cardiac interventions can change the natural history of disease AND improve outcomes?
- (1105-1120) Laser therapy for TTTS: Cardiac remodeling before birth
- (1120-1200) Case and Panel Discussion
 - Case 1: Ebstein's Anomaly
 - Case 2: TTTS

PLENARY 4: CONTINUUM OF CARE: FETUS TO ADULT (1300-1500)

- (1300-1315) Prenatal detection of d-TGA: Room for improvement
- (1430-1500) Expert Round Table Discussion

WORKSHOP G: Fetal Echocardiography Workshop (1515-1700)

- Simulation / Hands-On Training
- Didactic Teaching & Mystery Cases
- Must register ahead of time.   remaining spots are limited!

Abstract Poster Session (1800-2000)

- FHS and NeoHeart sponsored session

For the complete schedule, refer to the NeoHeart conference agenda at the website below.
